As a husband, father and small businessman, I am deeply concerned about the many challenges facing our community including crime, the economy and the funding for our future needs.

I believe in strong police and fire services. We need to increase programs for seniors and teens.

We must continue the expansion of our economic base.

It is critical that we develop a prudent long term fiscal plan to insure that we don't spend more money than we have.

I firmly believe that the best government is the "least" government.

We need a council which will listen and respond to the citizens of Lodi. I'm concerned that the council in recent years has become imperial in dealing with the community and have ignored many of the peoples wishes.

I give you my promise that every issue that comes before me will receive my fullest attention and that I will always place community interests ahead of my own.

Lodi needs proven, independent decision makers with real life experience to lead our community into the future. I look forward to working on your behalf and welcome your support

I want your vote.
